# Assessment of the poster sessions

## Rik & Wolfgang

# Purpose of the poster sessions

- ✓ Present yourself
- ✓ Get to know each other!
- ✓ Learn about each other's research
- ✓ See the richness and diversity of expertise, knowledge and approaches
- ✓ Identify communalities

# Some impressions

WAGENINGEN UNIVERSITY
ENVIRONMENTAL SCIENCES

# People seem really interested!

# Some present a full paper!

# One presented two posters on one

Two cases, each with an objective, approach and results, but connection between them is not clear.

ENVIRONMENTAL SCIENCES
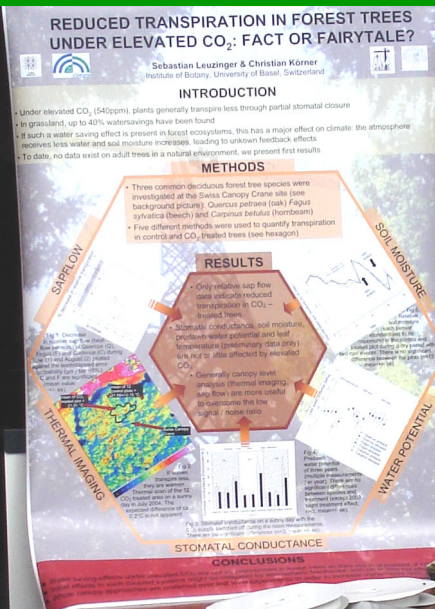

# Sometimes backgrounds seems too important

# Some had intriguing graphics

# But all posters were informative!

- ✓ Present objectives and conclusions
- ✓ Do not use not too much text (balance text-tables-graphics)
- ✓ Use frames and clear titles
- ✓ Create a logical lay-out that follows the flow of your approach
- ✓ Use a quiet background (enough contrast)
- ✓ Use a simple font (not Times new roman)
- ✓ Add your picture and address, so that readers can easily find you!
