

# The 2023 Global Transboundary Climate Risk Report

**Richard Klein** on behalf of **Katy Harris**

Conference “Cross-border climate change impacts and systemic risks in Europe and beyond”

16–18 October 2023  
Potsdam, Germany

# The Global Transboundary Climate Risk Report

2023

IDDRI

SEI  
Stockholm  
Environment  
Institute

- The first ever global picture of transboundary climate risks, from both climate hazards and maladaptation
- Large collective research effort, involving more than 35 authors, reviewers and editors from 20 institutions

## Adaptation Without Borders

# The Global Transboundary Climate Risk Report

2023

IDDRI

**Part I:** The state of  
knowledge on  
transboundary  
climate risks

**Part II:** 10 globally  
significant  
transboundary  
climate risks

**Part III:** The solution  
space to  
managing  
transboundary  
climate risks
