

Data protection information for Zoom meetings (without recordings)

The Potsdam-Institut für Klimafolgenforschung e.V. ("PIK") organizes Zoom-based scientific lectures and talks. The lectures and talks are an opportunity for you to continue working together and sharing ideas. It is not intended to provide a recording of the meeting. The legal basis of the processing of your personal data is for

- PIK employees of art. 88 par. 1 GDPR and sec. 26 par. 1 s.1 Federal Data Protection Act (BDSG)
- PIK guests and other external participants art. 6 par. 1b GDPR ("contract") or art. 6 par. 1f GDPR ("legitimate interests").

The scientific lectures and talks will be done using Zoom tools and Zoom cloud space provided by Zoom Video Communications, Inc. ("Zoom"), 55 Almaden Boulevard, 6th Floor, San Jose, CA 95113. The meetings will be available by PIK staff, guests and invited external participants. This means that you and your contributions to the discussion by audio, video and/or chat will be a part of the meeting. During the meeting your personal data will also be processed by Zoom and might be transferred to the USA or to other Zoom computing centers outside of the EU. To provide an adequate level of protection for your personal data, Zoom is EU-U.S. Privacy Shield Certified. If you'd like to know more about the meeting, please don't hesitate to get in touch with our data protection officer (datenschutz@pik-potsdam.de).

At the same time, in deference to your fellow speakers and to ensure compliance with data protection law, we kindly ask you to not film, take photos, record or further publish any material of the online lecture and the following discussion. PIK organized lectures and talks are not open to the public. Your participation in these meetings is not required by law or contract. If you do not provide us with your personal data for the purpose of these meetings, you cannot participate in the live meetings.

Your rights as a data subject within the meaning of the EU-GDPR you can find in the general Privacy Policy of PIK (<https://www.pik-potsdam.de/privacy-policy>).
